## Reasons For Allowance

The following is an examiner's statement of reasons for allowance: In view of the applicants' amendment/response filed November 26, 2003 the claimed polymer comprising a polymeric backbone comprising at least one unit having the structure (I), a prepolymer comprising the structure (III), a prepolymer comprising the structure (IV) and the process for preparing a polymer, a copolymer or prepolymer comprising reacting at least one compound having the structure (V) with at least one compound selected from the group consisting of J and R<sup>13</sup>LNHR<sup>28</sup>; wherein the polymer, prepolymer or copolymer are degradable in vivo and are useful in biomedical applications and conjugation applications (polymer-drug conjugate); are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## Prior Art

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. These references are cited to show the state of the art of degradable polymers; Hubbell, Mao, Harris, DeGrado and Uhrich.
